

DMCC Rule Change Proposal 1

Proposed By: Lee McGuire

Rule number to be changed: 4.5 Practice

Current rule:

Practice is only permitted between the time that the track is ready to be used and before the start of the drivers briefing. Practice on the track between rounds or between rounds and finals is not permitted. At the discretion of the race director a driver may use the main straight to test radio or motor problems.

Practice at the start of each heat or final shall be restricted to two minutes before the start of the heat.

Proposed change/addition:

Practice is permitted between the time that the track is ready to be used and before the start of the drivers briefing. Practice is also permitted during the lunch break. Between rounds practice is allowed 2 mins after the finish of the final race up until 5 mins before the start of the next round.

Practice may be stopped at any time by the race director for reasons such as repair of the track, timing system etc.

Reason for change:

To allow more track time
